

Product Specification and Features

Capacity	100,000
Model	ZEM510
Material	High-quality stainless steel
Control System	Advanced v10.0
Communication	RS232 / 485, Ethernet / Wi-Fi, Bluetooth-optional
Power	220V AC, 50/60Hz, DLST, Energy-saving mode, Low noise design, CE certified, 3-year warranty
Dimensions	184.3x130x48 mm
Temperature	0 °C- 45 °C
Humidity	20% -80%
Weight (mm×mm×mm)	184.3×130×48 mm

Application: Home, Industrial, Commercial, Laboratory, Hospital, etc.

Advantages:

1. MOQ: Low minimum order quantity
2. OEM: Customized solutions available
3. Good Quality: High precision and reliability
4. Good Service: 24-hour technical support and training. Good after-sales service
5. Fast & amp; Efficient: Quick delivery (within 7 days) and easy installation
