

PY-U.R.U 4000B fingerprint

Parameters:

ESD protection	±15 kV
Operating temperature	-5 °C - 35 °C
Storage temperature	80% RH - 20%
Operating voltage	-10 V - 60 V
Storage voltage	90% RH - 20%
Supply voltage	8-pin
Operating voltage	5.0V +/- .25V
Operating current	170 mA (typ)
Storage current	120 mA (typ)
Operating current	2 mA (typ)

URU4000B features:

- High accuracy
- Low power consumption
- Small size
- High resolution (up to 500 dpi)
- High speed (up to 1000 images per second)
- High contrast
- High resolution
- High accuracy
