

125KHz TM RFID PY-TM101-J

Specifications:

- Capacity: 18,000
- Response time: $0.1s$
- Voltage: DC6V (4 # 5 #)
- Temperature range: $-40 \sim +85^{\circ}C$
- Frequency: 30
- Operating voltage: 4.8V
- Humidity: RH (15 ~ 85%)
- Quiescent current: $12 \mu A$
- Current: $150 MA$
- TM

Features:

1. High capacity, high reliability
2. High accuracy
3. High speed, high efficiency
4. High security
5. High performance
6. TM CARD
7. High reliability
8. High performance

Applications / Features:

- 1, High capacity, high reliability
- 2 High accuracy
- 3, High speed, high efficiency
- 4 High security
